IMPERATOR PRO
EXPERT GAMING KEYBOARD WITH BACKLIT ILLUMINATION

Professionally designed and engineered especially for the MMORPG/RTS gamer. Genius introduces its latest backlit gaming keyboard – Imperator Pro from the GX gaming family.

Full color sixteen million RGB for backlight. Brightness switch with four levels so you never miss a key in the dark. The backlit key gives you the tactical edge, allowing you to launch assaults and flank your foes even under low light conditions. By increasing the amount of easy-to-reach commands with six macro keys on the side to assign up to eighteen macros, it avoids any distractions when switching to Gaming Mode. It includes three game profiles for different game categories with the ability to instantly switch between them. It has onboard memory to prevent command blocks. The six media control keys are available for easy access.

Imperator Pro has two USB ports for USB peripherals and up to 1000Hz report rate 1ms response time for a competitive edge to perform faster and better in games. It includes a gold plated USB 2.0 full speed connector and a 1.8 meter cable.
